Collection Committee Report

Sarah reported the activities of the committee. It was a slower year than usual due to covid but still productive. Michael Mach donated his time and built a nice frame/organizer for large prints and maps that will reside in the Chapel. Sarah attended a webinar about collection preservation, a new humidifier was purchased to help protect the collection while much progress was made reducing some items that had deteriorated. Notes by Dorothy Offensend were also reviewed.

The Meeting was then HACKED and SHUTDOWN. It was resumed and completed December 3, 2020.

The collection committee reported continued cataloguing items and were appreciative of the donation by former Trustee John McInerney of a display cabinet and the transport by Bob Morlino and Barry to the Chapel.
